

I Wish for a Computer!

Angela is an active three-year-old who loves Dora the Explorer, Finding Nemo, Veggie Tales, and listening to music. When Angela's wish granters asked her what her one, true wish would be she knew right away. She was ready for a computer of her very own so she could play Dora Adventure games, listen to Veggie Tale music, and watch her favorite movie of all time, Finding Nemo!

Thanks to the Make-A-Wish Foundation® of North Texas, Angela's wish was granted. After being picked up by a limo, Angela arrived at Best Buy where she was greeted by her wish granters and troop of personal shoppers ready to make her wish come true!

First things first; Angela had to pick out her laptop! With the help of her trusty Best Buy side-kicks, Angela found the perfect computer. Now it was time to pick out lots of computer games, DVD's and music!

Angela immediately spotted a Dora the Explorer Animal Adventures game and tossed it in her basket along with several Dora DVDs. Next it was time to search for her favorite movie, Finding Nemo! Finally, she found some Christian sing-a-long CD's and Veggie Tales soundtracks!

Angela was in laptop heaven! She couldn't wait to get home so she could start using her new computer! She was so thankful for her wish and will remember it each time she logs on!

Angela's wish was generously sponsored by the
Irving Police Association
