

Regino's Spectacular Shopping Spree

Regino is an active 10-year-old boy who loves playing soccer, listening to music and playing with electronics! When Regino's wish granters asked him what his one, true wish would be his answer was simple. "I want to go on a shopping spree so I can buy all the electronics and toys I've always wanted!"

Thanks to the Make-A-Wish Foundation® of North Texas, Regino's wish came true! On the day of the wish, he was picked up by his own personal limousine for the day! He rode in style to every tech-loving boy's favorite store, Best Buy. While he was there he picked out a new TV with a DVD player, a new stereo system and plenty of DVD's to watch on his new TV! Next stop, Toys "R" Us!

Regino took his time going up and down each aisle of the toy haven. Regino walked away with a new monster truck, Playstation 2 accessories and much more!

Regino's wish was everything he wished for and more. He was so thankful for his shopping spree and couldn't wait to get home and set up all his new items! Each day when Regino turns on his TV, his stereo or gets out his new toys, he will be reminded of the joy and magic of a wish come true.

Regino's wish was generously sponsored by the Irving Police Association
